

Factsheet

AirLiner™ wireless slate

Teach from anywhere

Teach from the front of the room, the back of the class or by a student's side – without losing the learning benefits of interacting with digital lessons.

With the AirLiner™ slate, you and your students can interact wirelessly with your SMART Board™ interactive whiteboard from up to 54 feet (16 m) away. Use the battery-free tethered pen to switch between pen and mouse modes to control any software application, write notes or highlight information.

Interaction for all students

Powered by SMART Board software, the AirLiner wireless slate is a lightweight tool that you can carry with you as you teach. Write out a math problem using the wireless slate, and then hand it to a student to fill in the answer. Use multiple slates for group seat work such as question and answer sessions. The slate supports simultaneous interaction, so multiple students using slates and the SMART Board interactive whiteboard can write notes at the same time.

No matter what your teaching style, you and your students get all the benefits of interacting with lessons, websites and computer programs.

You have a lot of students to teach and plenty of topics to cover. Make it easier to give interactive and motivating lessons with the AirLiner wireless slate.

Interactivity with no strings attached

- Control software applications and highlight information from anywhere in the classroom
- Save your notes and other work to a single file using award-winning SMART Board software
- Get your students involved – several students can interact at the same time

SMART
Technologies

Dimensions

Active area

6" H x 8" W (15.24 cm x 20.32 cm)

Size

10" W x 11" H x 1" D
(25.4 cm x 27.94 cm x 2.54 cm)

Weight

2 lb. (0.91 kg)

Features

- 1 Programmable buttons
- 2 Active screen area
- 3 Battery-free tethered pen
- 4 Cordless mouse

Key features

- **SMART Board interactive whiteboard integration** – Interact with your SMART Board interactive whiteboard from anywhere in the classroom.
- **Simultaneous interaction** – A SMART Board interactive whiteboard user can write at the same time as one or more AirLiner wireless slate users.
- **Battery-free tethered pen** – Ensures no downtime and needs no maintenance.
- **Battery-free wireless mouse** – A hassle-free way to navigate through your digital information.
- **Bluetooth® adapter** – Class 2 adapter has an expected range of 54 feet (16 m) and a maximum range of 164 feet (50 m) in free space.
- **Underlay** – Easily toggle between Notebook™ software functions from your AirLiner slate.
- **6" x 8" (15 cm x 20 cm) electromagnetic surface** – The electromagnetic screen lets you rest your hand on the screen for easier use. And the active area matches the size of any screen for accurate contact.
- **Programmable buttons** – Customize the buttons on both the slate and the pen to access your favorite functions.
- **Rechargeable lithium-polymer battery** – Charge time of 6 hours, battery life of 30 hours.
- **Saving ability** – Save all your work to a single file that is compatible with Windows®, Mac OS and Linux® operating systems. Notes and graphics are saved as objects that you can manipulate and organize, or write and save notes directly into popular Microsoft® Office applications.

SMART Board software

Ever wonder what makes SMART Board interactive whiteboards so powerful? Meet SMART Board software – the real genius behind the world's number one interactive whiteboard.

Notebook™ software

- Create dynamic lessons using Notebook software's Gallery of thousands of vibrant, curriculum-relevant images, video files and lesson activities
- Add hyperlinks to images, shapes and text to jump to websites, multimedia files or other Notebook pages
- Use superscript and subscript characters, scientific symbols and Adobe® Flash® extras in your science and math lessons
- View and arrange Notebook pages in a variety of ways. Use the Dual Page Display to see two pages at once, or drag and drop pages as you wish
- Use colorful pens to write over your lessons, then convert handwriting to text with the press of a button
- Save files in various formats (e.g., PDF, HTML) or as separate image files (e.g., JPEG, PNG, GIF), and e-mail them to students for review

Ink Aware

- Write and save notes in many third-party applications, including Microsoft Word, Power Point® and Excel® software

SMART Board Tools

- Write over moving or paused video, or record all screen activity as a video
- Type with the On-Screen Keyboard
- Focus attention with the resizable Spotlight tool, or use the Screen Shade to reveal your information step by step

LinQ™ software

- Connect quickly between devices. Use your laptop to project onto and control applications or the interactive whiteboard (and vice versa).

Software system requirements

- Supports Windows, Mac OS and Linux operating systems
